

TPS CLOUD AXIS

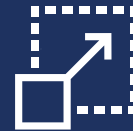

“PRACTICE MANAGEMENT – ANYTIME, ANYWHERE”

CLOUD BASED

ONLINE SECURITY

SCALABLE

TPS CLOUD AXIS

Designed for accounting firms looking for a cloud-based practice management solution.

It follows the same feature set as our current program and our design criteria was to make it “feel” as close to the existing program as possible in a web browser. Our next generation of the TPS Cloud Axis will offer more front-end flexibility to individual users and make it feel more like a custom work space within TPS.

STARTUP

Intended for a startup accounting firm or sole practitioner wanting to capture one user’s time and get an invoice out the door quickly and easily.

ENTREPRENEUR PRO

Ideal for small to mid-sized accounting firms looking to manage their time and accounts receivable along with the ability to simply and quickly analyze their productivity.

PRO

Designed for a proactive firm wanting to track time and billing but also implement effective practice management ensuring nothing slips through the cracks.

ULTIMATE

Designed for fast growing, larger, multi partner, multi office firms needing all the tools necessary to ensure they maximize their firm’s complex environment.
